

Thank you for taking a leadership role in the fight against pancreatic cancer!

As a PurpleStride team captain, you are joining a nationwide community committed to advancing research, supporting patients and creating hope. If you are a returning captain, thank you for your continued support!

Teamwork is one of the most powerful tools we can use to fight this disease. Last year over 2,400 teams participated in PurpleStrides around the country, raising more than \$3,300,000! This is phenomenal, but I know with your help we can do more. We must do more.

When my father passed away from pancreatic cancer in 1999, I resolved to do whatever it took to end this disease. As you may know, the five-year survival rate for pancreatic cancer is just six percent. However, the Pancreatic Cancer Action Network has set a goal of doubling the survival rate by 2020.

Every stride you and your team members take brings us closer to realizing that goal. PurpleStride is truly an inspiring event, and nothing compares to looking out at a "sea of purple" and realizing that together we can end this disease. Whenever I attend a PurpleStride, I find myself thinking there is no better way to honor my father. There is power in numbers, and there is hope! This is why I encourage you to reach out and recruit as many people as you can to join your team and stride with you on event day. I promise it will be an unforgettable experience.

Thank you again for your efforts and your dedication.

Jali Hishman

Best wishes,

Julie Fleshman, JD, MBA

President and CEO

ABOUT PANCREATIC CANCER

Pancreatic cancer is the fourth leading cause of cancer death in the United States and has the highest mortality rate of all major cancers.

- It is the fourth leading cause of cancer death in the U.S.
- · There are no early detection tools or effective treatment options.
- An estimated 74% of patients will die within a year of diagnosis. The five-year survival rate is just 6%.

The Pancreatic Cancer Action Network is a nationwide network of people dedicated to advancing research, supporting patients and creating hope for the pancreatic cancer community.

TEAM CAPTAIN STEP-BY-STEP

STEP 1

Create your official team page. Include your own images and personal story as well as inspiring quotes and a welcome message for team members.

STEP 2

Use your customize-able emails in your online headquarters to send out recruitment invitations. Use the "My Connections" worksheet to identify potential team members.

- Send Evites and Twitter invitations
- Create a Facebook group
- Mail a hand-written invitation
- Record a message on your voicemail
- Add a recruitment request to your standard email signature.
- Make a presentation at your office, school, faith group or club and ask to include notices in newsletters. Be sure to print an event poster and sign-up sheet to bring with you.

Consider hosting an initial gathering to rally your team. This can be a simple a meet-and-greet at a coffee shop or a pizza party. Use the opportunity to explain your connection to the disease, recruit more members, set goals and distribute the "Getting Started" guide to your team members. Begin to get everyone thinking about fundraising goals.

STEP 4

Set team goals! Aim high for fundraising and recruitment goals. Work with team members to set individual goals, set daily or weekend goals, and create an overall team goal. For example, raise 10% of your total goal each week, or spend 15 minutes a day reaching out.

STEP 5

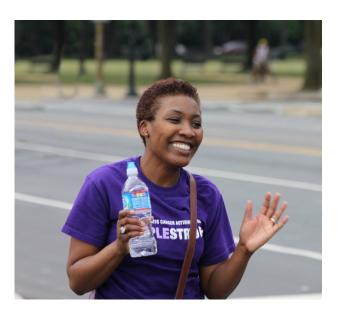

Motivate! Send out regular encouraging emails. Set up a weekly training walk/run. Brainstorm fun prizes to award different milestones. Establish a Facebook group to report progress and have team members "like" the group. Celebrate when a team member reaches a goal, recruits a new member, or comes up with an innovative fundraising idea.

STEP 6

Gear up for event day! Designate a meeting spot in advance. Encourage your team to get out the purple (i.e. sunglasses, wigs, or socks). Make sure all team members have registered, turned in any additional donations, and received their T-shirt. Capture a team photo. Hold a team huddle and take a moment to recognize those you are striding for.

STEP 7

Send a personal thank-you to each team member. This can be a simple email or a handwritten note with a team photo. Mention you look forward to striding with them next year!

PARTICIPANT STEP-BY-STEP

Thank you for helping to raise support for the fight against pancreatic cancer! Remember, the earlier you start fundraising, the more time you have to reach or exceed your goals.

REGISTRATION

To register, go to www.purplestride.org and select "Find an Event." Navigate to the local PurpleStride event. During your individual registration process, you will be asked to identify your team to automatically link your individual page to your team page. Each team has its own customized page to set goals and track progress.

Once registered, set up your own individual page, where you can write about what inspired you to sign up for PurpleStride. You can also include a photo of yourself or a loved one and gain access to some great fundraising tools such as:

- Email Center: Personalized emails to friends and family asking them to join your team or support your fundraising.
- Donation Tracking: View a report detailing online donations made to your page.
- Donor Appreciation: We encourage you to leave the "Donor Appreciation" area active to recognize donors.
- Goal Setting: Set a dollar amount and track your progress.

ASK FOR SUPPORT

Create a list of everyone you know - family and friends, coworkers, doctors, or service providers. Decide if you want to ask them to join your team or simply request a donation. Use the "My Connections" to help you brainstorm.

Reach Out. Whether in-person or by e-mail, it's important to share your personal story and explain why you are asking for donations. Try to be as brief as possible. Download the poster to post at your work and around your community. Utilize the sign-up sheet.

Define pancreatic cancer and how you have been affected. For example: "Did you know pancreatic cancer is the fourth leading cause of cancer death in the United States? It has a five-year survival rate of just 6%. My father passed away from pancreatic cancer three years ago. I don't want to see others suffer like he did."

Tell people why you are participating and how it supports the Pancreatic Cancer Action Network. "I am participating to help raise funds and awareness for the Pancreatic Cancer Action Network to help advance research, support patients and create hope. To learn more, you can go to www.pancan.org."

Finish by asking for their support. "Can I count on you for a \$50 donation?" Keep track of your responses. Follow up with those who haven't responded, then follow up again.

Thank everyone! Big or small, every donation counts. Always remember to say thanks!
