

ABOUT THIS BOOKLET

This booklet is a resource for patients and families who want to understand pancreatic cancer. The more information and knowledge you have, the more empowered you can be about decisions associated with a pancreatic cancer diagnosis.

Use this booklet as a reference guide to talk about pancreatic cancer with your healthcare team.

You are your own best advocate. The Pancreatic Cancer Action Network (PanCAN) strongly recommends that you discuss your treatment goals with your healthcare team and know all of your options at every stage of your disease.

And, our PanCAN Patient Services staff is trained in a wide variety of topics relating to pancreatic cancer with the goal to empower you to be your own best advocate.

Hablamos español. Contact PanCAN Patient Services toll-free at 877-2-PANCAN or email patientservices@pancan.org. Our Patient Services Help Line is available Monday – Friday, 7 a.m. – 5 p.m. Pacific Time, for support and information about:
